What do artists draw?

With your table mates discuss the four things artists draw and write them below.

Think back to our in-class activity. We traveled to the different tables and practiced each of the 4 things artist draw.

1. Put a star beside the one you found the easiest or that was the most fun for you.
2. Put a check mark beside the one that was the hardest, or the least fun for you.
3. Circle the one that you'd like to practice a little more.

You'll be creating new piece of art today.
